It is not necessary for applicant to provide a sequid not result in resolution of all issues. A brief sequirect. 	ion. The examiner will provide a parate record of the substance	a written summary of the substance of the interview, since the interview
(Examiner/SPE Signature) (A)	oplicant/Applicant's Representa	tive Signature – if appropriate)

Continuation of Substance of Interview including description of the general nature of what was discussed: The examiner indicated that the specification's reference to a mutation at "K42E" was confusing and inconsistent with the remaining data in the specification. The examiner indicated that the error appeared typographical in nature. The examiner indicated that the specification should be amended to reflect the correct codon. Applicant's attorney indicated that in fact the error was a typographical error which was discovered after the specification was filed. The examiner indicated that a declaration under 37 CFR 1.132 evidencing such would be required for the written record.
